CAVS8

8 bottles

01 Service wine cellar

Free standing : simple zone

Provided with a leading technology, the CAVS8 wine cellar allows you to preserve and enjoy your wine at the ideal temperature. This cave can store up to 8 bottles with its capacity of 23 litres. In order to exalt all the aromas during your tasting experience, the wine requires a precise service temperature that you can adjust between 11°C and 18°C thanks to the digital display.

Its anti-vibration system and its stable temperature, allows your wine to reach maturity in the best conditions. Thermo-electric cooling is an economic system that eliminates noise and vibrations. Its tinted glass and its LED light

allow you to see your bottles while keeping them away from UV rays and direct light.

Equipped with a silent technology, this wine cellar gives you extra comfort whilst bringing a touch of elegance and refinement to your home with its sleek design.

WOP660

Electric wine opener

01 Electric wine opener

Suitable for all standard size wine bottles, the WOP660 corkscrew allows you to open your bottles in a few seconds and without any effort.

Equipped with two control buttons, the device allows the automatic removal of the cork from your bottle but also the release of the cork. The opening procedure is done cleanly and discreetly, without leaving any cork residue, even on the most damaged ones.

Rechargeable in just 30 minutes, it is supplied with a USB cable and has a cap cutter to precisely remove the aluminium film covering the cork. LED indicators display when the unit is in use or charging.

With its sleek stainless steel design, you can bring a modern touch to your table. The WOP660 electric corkscrew is an essential tool for opening bottles with finesse and elegance.

02 Features

- Bottle opening in 8 seconds
- 2 functions:
 - bottle opening
 - and wine cork release
